REBELS OPEN CUSTOM HOUSES

(Associated Press Cable)
JUANES, May 11.—Satisfaction is expressed here over the organization of the provisional government and the opening of trade relations again with the United States. Many shops are already opened.

It was evident that the chief objection upon which the provisional government will insist for peace will be the resignation of Porfirio Diaz as president of Mexico, and upon his continued refusal to resign it is stated hostilities will be maintained until the city of Mexico is captured.

AGUA PRIETA, May 11.—Officers of the provisional government are in full charge here. The municipality has been organized and it is announced that the custom house will be opened tomorrow or Saturday for the transaction of business with Douglas, across the border. There is no disorder.

WASHINGTON, D. C., May 11.—The Treasury Department was notified today that the insurgents have opened up trade relations between Juarez and El Paso, and that business was resumed at the Mexican custom house in order that food supplies might be brought in.

VESSEL AND PASSENGERS LOST.
VICTORIA, May 11.—The Canadian Pacific liner Monticelli, which arrived from China today, reports that the steamer Melfoo foundered on April 25 in a collision with the steamer Quandl. The crew of fifty-five and the passengers, all of whom were Chinese, were drowned.

APPENDICITIS FATAL.
SAN ANTONIO, May 11.—Major John Haines of the Eleventh Cavalry, U. S. A., died here today following an operation for appendicitis.

NEWS OF WORLD AT A GLANCE

It cost Charles E. Merriman, the defeated candidate for mayor of Chicago, \$133,245 for campaigning expenses. Most of this was contributed in large sums by Chicago business men.

The American scheme for railways in Asia minor is winning. After the announcement last January of the resignation of Straus as American Ambassador the Porte railway matter flattened out and lay sluggish. But the appointment of Rockhill as his successor was followed, according to a dispatch from the Ottoman capital, by exceptional pressure from Washington, and David Bey, Minister of Finance, soon showed a distinct change of front.

Despite optimistic reports as to the condition of the Pope's health, it is an open secret that he is still suffering from an unusually prolonged attack of gout. The most recent attack is not like the ones from which he usually suffers. Instead of being localized it affected several joints in succession, indicating that the disease tends to deviate from an acute type and is becoming chronic.

T. W. Davenport, father of Homer Davenport, the cartoonist, died at his home in South Pasadena on April 29, at the age of 85. The elder Davenport was a graduate in the professions of law and medicine and was also a writer. He was a member of the Oregon Legislature in 1863 and 1870, and ran for Congress on the Republican ticket in 1876. A widow and several children survive.

As a lawyer Secretary of War Dickenson is of the opinion that he is not empowered to permit the use for exhibition purposes of any part of the Fort Mason and Presidio reservations, San Francisco, without express authority from Congress. As an administrative officer he will not favor the use of either reservation for such purpose in the event formal application be made to him for a permit.

PARIS, April 29.—In a decision today by the Third Civil Tribunal in the suit of the Wright brothers against several French aeroplane manufacturers for an infringement of patents, the court upheld the contention of the plaintiffs in principle, but declared that it did not wish at present to render a definite decision, as the science of aviation was too new to admit of an arbitrary finding in such a case.

KANSAS CITY, April 29.—What is said to be the first legal divorce ever given a gypsy in the United States was granted by Judge J. H. Slover to Stephen George in the Circuit Court here Friday. George is king of a band of covers camping near here.

JAMES WOODS

FACING the beautiful park in the heart of the city, which is the theatre of the principal events of the famous festivals of San Francisco, this hotel, in environment and atmosphere, expresses most pleasantly the comfortable spirit of old California.

The royalty and nobility of the Old World and the Far East and the men of high achievement in America who assemble here contribute to the cosmopolitan atmosphere of an institution which represents the hospitality and individuality of San Francisco to the traveler.

The building, which marks the farthest advance of science in service, has now the largest capacity of any hotel structure in the West, and upon completion of the Post street annex will be the largest caravansary in the world. WHILE THE SERVICE IS UNUSUAL, THE PRICES ARE NOT.
